DETAILED ACTION

Drawings

1. Figures 1A and 1B should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). The Application is in condition for allowance.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: as to independent claims 1, 12 and 23, the closest prior art of Huo alone or in combination with other prior art fails to teach or fairly suggest the invention as recited in independent claims 1, 12 and 23. In particular the key distinction between the closes prior art and the claimed invention is that the closest prior art does not rely upon identifying tilts based on the features of the histogram of pixel value, in combination with other elements of independent claims 1, 12 and 23.

Accordingly, claims 1-25 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
